SeneGence was founded on the idea to offer superior products and an opportunity for women to be independent and successful in business, regardless of age, background, or education.
Joni Rogers-Kante, CEO and Founder of SeneGence International, had a vision of a company with products that really work and a career that really works, long before discovering its premier product. Once she discovered a long-lasting liquid lip color unlike anything she had seen before, she knew it needed to be shared with the world.

In 1999, SeneGence exploded into the marketplace with the launch of patented LipSense® color technology, and SeneGence quickly rose in popularity as the creator of the original long-lasting lip color.

This was only the beginning of an entire line of long-lasting cosmetics and revolutionary anti-aging skin care products. Over the years, SeneGence has grown to support thousands of successful careers and to satisfy customers around the world by remaining steadfast in its commitment to use only the most advanced technologies to make skin more beautiful.

I stand behind our products 100% and guarantee your skin will look more beautiful in 30 days, when using our 24-hour anti-aging skin care and long-lasting color systems.

Joni Rogers-Kante
FOUNDER & CEO
As a result, SeneGence has positively affected the lives of thousands of women and their families worldwide, and it all begins with our products...
SeneGence has developed highly advanced anti-aging skin care and cosmetics systems that help make every skin type more beautiful and radiant.

In the Vanuatu string of islands in the South Pacific, Joni worked with scientists and discovered naturally reoccurring resources proven to be beneficial to the skin.

Today, SeneGence products can be found in over 13 countries around the world, helping to make skin healthier and more beautiful. Joni ventures to international destinations regularly and enjoys sharing SeneGence with everyone she meets while guiding them to be their most confident self with products that really work.

The distinctive ingredients incorporated into SeneDerm® SkinCare systems, SenseCosmetics® beauty items, and the SeneDerm Solutions line, resulting in dramatic improvements to the skin. They also help to provide crucial sun protection without the use of unnecessary chemicals.
All SeneDerm, SeneDerm Solutions, and creamy SenseCosmetics contain SenePlex Complex, a kinetic enzyme that affects the way cells grow from the bottom layers of the skin to the top. SenePlex fights the signs of aging by renewing your skin cells an average of 23.3% more rapidly.

**Four to Eight Weeks to Revolutionary Results**

Verified by an independent lab, clinical testing confirmed products with SenePlex Complex are highly effective in increasing cellular renewal, and regular use results in remarkable improvements to skin, including: **Skin smoothness increased by 45%**. **Almost 33% more individuals with sensitive skin were able to use SeneDerm SkinCare without irritation.**
The active enzymes in the advanced anti-aging delivery systems of SenePlex Complex work to eliminate dead skin and produce healthier, plumper cells as they move to the surface of skin. That, in turn:

**Increases moisture + hydration by** 54.2%

**Increases collagen synthesis by** 168%

**Increases skin firmness + elasticity by** 51.9%

**Decreases skin sagging by** 25%

**Increases skin luminosity by** 48.7%

**Reduces fine lines + wrinkles by** 55.7%

Take a close look at the veins on the underside of your wrist.

Are your veins blue or purple?
If so, then you are cool, and will look good in MakeSense shades with pink or red undertones.

Are your veins green or olive?
If yes, you are warm, and will look great in MakeSense shades with yellow undertones.

Can’t tell? Then you are neutral.

C = cool  W = warm  N = neutral

LinerSense Lip Liner $22
.125 oz / 3.7 mL
Line your lips with precision as the long-lasting color technology blends, complements, and defines as the first step to creating the perfect pout.

Moisturizing Gloss $20
.25 oz / 7.4 mL
Dehydrated and damaged lips are no match for the moisturizing ability of Shea Butter, a natural ingredient used as the base for the many textures of LipSense Glosses. Moisturizing glosses improve the longevity of LipSense Liquid Lip Color, while covering and protecting naked lips.

Shea Butter - softens and protects skin
Vitamin E - helps to repair dry lips

HOW TO APPLY: Apply to clean, dry lips. For a defined look, line with LinerSense first. With lips parted, apply LipSense in one direction, beginning with outside corner of the mouth. Spread color in a fluid, sweeping motion across lips to opposite corner (do not move applicator back and forth). Apply three layers for long-lasting results, letting color dry in between each layer. Finish with LipSense Gloss to maintain lasting color and moist lips.

Cocoa & Shea Butters - soften the skin and protect from environmental influences
Orchid Flower Extract - powerful antioxidant with free-radical protection and moisture

Ooops! Remover $10
.25 oz / 7.4 mL
A simple swipe of this non-drying remover will erase LipSense mistakes, “lift” your long-lasting lip color so you can change your shade with your outfit, or remove LipSense at the end of the day.

Vitamins A, B, C & E - condition, moisturize and protect lips

For proper use, purchase your LipSense in a collection which includes a Color, Gloss, and Ooops! Remover.
