**LOVELY LASHES** LashDip is the first revolutionary semi-permanent professional lash coat performed exclusively in spas and salons. LashDip is a safe and effective treatment that lasts up to six weeks and allows women to have great looking lashes 24/7, even as they swim, shower and sweat. LashDip adds volume, length, lift, curve and separation—just like mascara—and does not smudge or wash off for weeks, says the company. [www.lashdip.com](http://www.lashdip.com)

**BLUE HUE** Encourage your clients to add some elegance and mystery to their makeup wardrobe with the **Midnight Azurite Eye Shadow Compact Colour** from **La Bella Donna**. Classic cocoa and straw are balanced by midnight navy and aubergine. [www.labelladonna.com](http://www.labelladonna.com)

## PLUMP AND PRETTY

Help your clients get full, pouty lips with **LipVolumizer Colored Glosses** by **Senegence International**. Based on the most advanced lip plumping technologies, the non-irritating formula plumps lips from the inside out, increasing lip volume by up to 20 percent and increasing lip moisture by up to 54 percent within one month of daily use, says the company.
